

WHAT IS IT?

GreenWood Wide Plank Bamboo is 100% MOSO Bamboo that is harvested from the exclusive Anji Mountain Region and carefully selected at the peak of maturity between 5 to 6 years. The core of this product is GreenWood's unique TruGreen Advantage core. This core is 100% engineered MOSO bamboo in a cross-fillet format with special "thread" that intertwines each individual fillet. This "thread" allows for slight expansion and contraction in the core as well as increased precision in the manufacturing process. Overall, the TruGreen core construction provides the most stable platform on the market while still maintaining its status as 100% Rapidly Renewable Resource.

WIDE PLANK BAMBOO

HORIZONTAL NATURAL

HORIZONTAL CARBONIZED

PRODUCT SPECS-Wide Plank Bamboo

THICKNESS 5/8"
WIDTH..... 6"
LENGTH 72 7/8"
WEAR LAYER 5.0mm
EDGE..... Micro Bevel
CORE..... TruGreen Engineered Bamboo Core

FINISH

Treffert HPC Aluminum Oxide with Scratch Resistant Top Coat

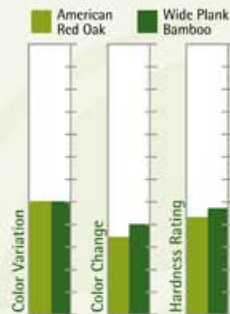

INSTALLATION

Glue, Float or Staple/Nail

PRODUCT SPECS-Amber Border

THICKNESS 5/8"
WIDTH..... 3 5/8"
LENGTH 72"

COLOR VARIATION

Natural and Carbonized Bamboo both feature moderate color variation between boards

GRAIN VARIATION

Natural and Carbonized bamboo both feature moderate but consistent grain variation

COLOR CHANGE

Natural Bamboo will experience light to moderate color change turning a rich honey color with time and exposure to sunlight.

Carbonized Bamboo will experience slight color change as the darker coffee colors become lighter with time.

HARDNESS

1340 PSI

WARRANTY

Lifetime Structural
 30 Year Residential Finish
 5 Year Commercial Finish

ENVIRONMENTAL INFORMATION

LEED® CREDITS

MR 6: Rapidly Renewable Materials

GreenWood Bamboo products qualify as MR6 (Rapidly Renewable Materials) as they are made with 100% MOSO bamboo, a rapidly renewable resource.

EQ 4.4: Low-Emitting Materials

GreenWood wide plank bamboo is manufactured with LEED EQ 4.4-compliant adhesive.

ENVIRONMENTAL IMPACT

Adhesives used in manufacturing of GreenWood bamboo products have Zero Added Urea Formaldehyde and comply with standards set by U.S. OSHA, European E0 and CARB (California Air Resource Board) Phase 1 & 2. GreenWood products also feature high quality VOC-free finishes.
